Overview

The Veteran Appointment Request (VAR) mobile application (app) allows Veterans who are in the Department of Veterans Affairs (VA) health care system to self-schedule or request primary care appointments, and request mental health appointments. Veterans can also view appointment details, track the status of requests, send messages about the requested appointments, get notifications about appointments, and cancel appointments.

Additional types of appointments will be added in future versions of the app.

NOTE: Submitting a request does not mean an appointment has been booked; VA schedulers review the requests and officially schedule appointments by clinic availability. Veterans should always dial 911 or call their local VA facility in case of an emergency.

This app is available for iOS, Android and Windows operating systems, and is supported by these Internet browsers:

1. Internet Explorer 10 and higher
2. Safari 8 and higher
3. Firefox 24 and higher
4. Google Chrome 47 and higher

This user manual provides an in-depth, step-by-step guide for using the Veteran Appointment Request App.
The Basics

Prerequisites
To use the Veteran Appointment Request (VAR) App, you must:

1. Be enrolled in VA health care and be seen for care at a VA Medical Center (VAMC) or Community Based Outpatient Clinic (CBOC). If you would like to learn more about the enrollment process, visit [va.gov/healthbenefits/apply](http://va.gov/healthbenefits/apply) or call 1-877-222-VETS. To find a facility near you, visit VA’s Facility Locator: [http://www.va.gov/directory/guide/home.asp](http://www.va.gov/directory/guide/home.asp).

2. Have a DS Logon Level 2 (Premium) Account – The Veteran Appointment Request App can access your VA Electronic Health Record (EHR) and therefore, for your security, requires a DS Logon Level 2 (Premium) Account. If you do not have a DS Logon Level 2 (Premium) Account, or you are not sure, visit [mobile.va.gov/dslogon](http://mobile.va.gov/dslogon) for more information.

Logging in
Access the VAR app > Read the End User License Agreement (“EULA”) and the Notice of Privacy Practices (“Notice”) > Tap Accept > Tap Login > Enter your DS Logon Level 2 (Premium) credentials > Tap Sign In > You will proceed into the app.

**NOTE:** If this is your first time using a VA app that requires a DS Logon Level 2 (Premium) Account, you may have to provide your Right of Access as part of the log in process. The app will prompt you if this is necessary. If it is necessary, you will be taken to a Right of Access screen > Read the Request for Access to Your Health Information > If you would like to continue, tap Next > You will go to a Review screen > Read VA Form 10-5345a > If you agree, tap Verify to “sign” the form > You will proceed into the app.

**NOTE:** You can access the Veteran Appointment Request app either directly or through the VA Launchpad. The VA Launchpad contains links to all VA apps that access information from your VA EHR. By signing in to the VA Launchpad once with your DS Logon Level 2 (Premium) Account credentials, you can access multiple apps without signing into each app separately. If you are accessing the Veteran Appointment Request app through the VA Launchpad and have already signed in to another app, you will not need to re-enter your credentials.
Getting to know the Home screen

When you log into the VAR App, you will see three main navigation sections of the app:

- **Appointments/Requests** – A list of appointments and requests, which allow you to track statuses easily or tap on each appointment/request for more details.
  
  **Appointments** – Upcoming, confirmed appointments that you have booked through the app, or that a VA scheduler has booked for you. **NOTE:** This includes all appointments, not just those scheduled through the app.
  
  **Requests** – Pending requests for primary care or mental health appointments that you have requested through the app, but that have not yet been booked by a VA scheduler.

- **New Appointment/Request** – Buttons at the top right and bottom right of your screen, which allow you to schedule or get help scheduling a primary care or mental health appointment.

- **User Menu** (three-line icon with a silhouette) – A slide-out menu in the upper right corner of your screen that allows you to access About, Feedback, Launchpad and Logout.
