Introducing VA TeleDerm

Shawn Hardenbrook
Director of Web and Mobile Solutions, Connected Health Office

Randy Hardy
Program Specialist for Web and Mobile Solutions, Connected Health Office

October 30, 2015

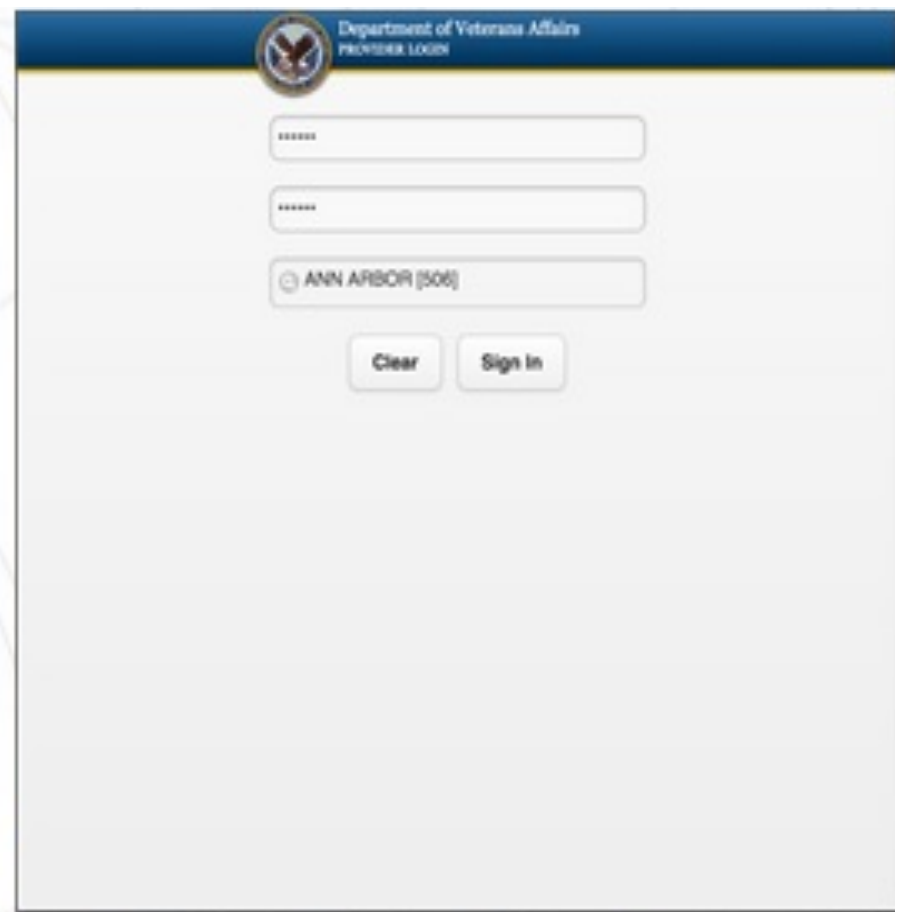

VA
HEALTH
CARE

Defining
EXCELLENCE
in the 21st Century

Overview

- VA TeleDerm App allows clinicians to process Dermatology Consults in a quick and timely manner regardless of the clinician's location or access to a workstation
- Provides clinicians with convenient mobile (e.g. iPad or Android tablet) or any desktop browser access to CPRS Consult capabilities for Dermatology
- Clinicians use CPRS/VistA credentials (Access Code, Verify Code, Station) to use the app

Display Most Recent Patients from CPRS

The screenshot displays the VA TeleDerm web application interface. At the top, a dark blue header contains a menu icon, a search icon, and the text "Search for or Select a Patient". Below the header, the main content area is divided into several sections. A modal window is open, displaying patient information: Name (NAME HERE), DOB (xx/xx/xx), Gender (Male), and SSN (XXXXXXXX). The modal has a "Confirm Patient" button. Below the modal, the "Select a Patient" section includes a "Patient Search" input field and a "Search" button. The "Recent Patients" section shows a list of patient names: MOBILEAPPSVETERAN, ONE. Below this, the "Results (44)" section shows a list of patient names: MOBILEAPPSVETERAN, TWO, MOBILEAPPSVETERAN, THREE, MOBILEAPPSVETERAN, FOUR, MOBILEAPPSVETERAN, FIVE, MOBILEAPPSVETERAN, SIX, and MOBILEAPPSVETERAN, SEVEN. The footer of the application shows the version "VA TeleDerm v1.0.5683.23766" and the user logged in as "PROVIDER, PRIMARY - ANN ARBOR".

The screenshot displays the VA TeleDerm web application interface. At the top, a dark blue header bar contains a menu icon, a search icon, and patient information: 'Patient Name', 'DOB', and 'SNN'. The title 'VA TeleDerm' is centered in the header. Below the header, there are three buttons: 'General History', 'Problem A', and '+ Add Problem'. The 'Problem A' section is active, showing a form with the following fields: 'Location*' (a text input field), 'How Long Ago Did This Problem Begin?' (a text input field), and a list of symptoms with checkboxes: 'No Symptoms', 'Blooding', 'Itching', 'Pain', 'Redness', 'Ulceration', and 'Other (please enter comment)'. The bottom of the interface shows the version 'VA TeleDerm v1.0.5674.16260' and the user 'Logged in as VEHU,ONE - ANN ARBOR'.

Provider,Primary - PROVIDER

Education: The Patient Understands that:

1. Images will be placed in the VA computer system to be remotely viewed by a dermatology provider and that recommendations will be conveyed to the patient's provider.

2. Recommendations are based solely on a review of the patient's submitted history and photographic images.

3. A conventional, in-person dermatology referral is an option, but may require additional travel and time.

Level of understanding*

Comment

Patient understands and consents to have images taken, viewed, and interpreted using the Teledermatology process.

☒ Yes. Patient consents to the above

☐ No. Primary Care Provider to discuss other options with patient

If this Teledermatology consult was not possible, would Veteran

☒ Not see a dermatologist

☐ Wait for an appointment and travel to see the nearest VA dermatologist

☐ Try to see a dermatologist outside of the VA

Please estimate how many miles (one way) you would need to drive to see the nearest VA dermatologist in person?

☐ 0 - 50 miles

☐ 51 - 100 miles

☐ 101 - 200 miles

☐ 201 - 300 miles

☒ over 300 miles

The screenshot displays the VA TeleDerm application interface. At the top, a dark blue header contains a menu icon, a search icon, and patient information: "Patient Name", "DOB", and "SNN". The title "VA TeleDerm" is centered in the header. Below the header, a list of view options is shown: "Oblique View", "Macro View", "Identifier View", "Dermoscopic View (optional)", and "Other View". A green "Take Picture" button is positioned to the left of a large image of a skin lesion. Below the image, there are navigation buttons: "< Previous" and "> Next", which are circled in red. Below these is a text input field labeled "comment". Further down, there are three more buttons: "X Remove", "→ Move Backwards", and "Q Zoom In", which are also circled in red. Below these buttons, the text "Image 1 of 1" is visible. At the bottom of the interface, there are two buttons: "Cancel" and "Capture Images". The footer of the application shows "VA TeleDerm v1.0.5674.16260" on the left and "Logged in as VEHU,ONE - ANN ARBOR" on the right.
